Dear Admiral:

I am a collector of envelopes with
 moral postal markings

I am inclosing an envelope from the John
 Hancock. Would both you and Mrs. Turnes
 autograph it for me? As she was the sponsor and
 you were the principal speaker - it would be nice to
 have the double autograph. Am also sending along
 one from USS Horne DDG-30. You were her 1st
 CO. Would you also autograph it. I already have Mrs
 Horne's signature on a launching envelope I am
 inclosing a stamped envelope for their return.

I am an old time destroyer man-go back as
 far as 1924 on the old flush-deckers. Rather old
 to be collecting but in a way it keeps me in
 touch with the Navy.

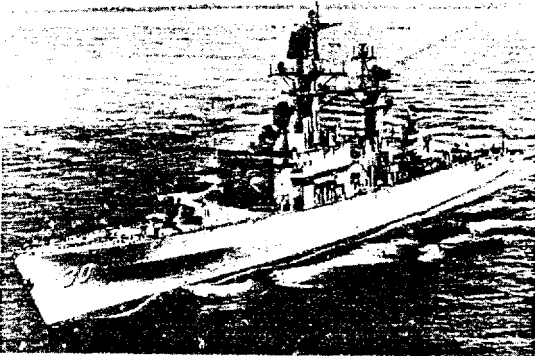

Thank you for any help.

Walter Brady
